

About the Tournament

The first stage of the competition is rubber bridge in a league of five or six pairs. You play bridge on four or five occasions against another pair either in your home or in theirs. The matches can be played at any time from October to February. The winners in each league and best runners-up play in the final which is on Tuesday 9th April 2019.

The format of rubber bridge leagues provides maximum enjoyment for everyone. It really does not matter whether you are a beginner, a social player or an expert.

Leagues are arranged on a local basis to reduce travelling. If you wish, you may organise your own league of five or six pairs so that you can play with your usual bridge circle. Entries come from North Lancashire and South Cumbria.

Previous Winners:

2017/18 Chris Nash and George Crowther
